
Plan Overview

A Data Management Plan created using DMPonline

Title: PhD

Creator: Wei Bin Timothy Siew

Principal Investigator: Wei Bin Timothy Siew

Data Manager: Wei Bin Timothy Siew

Project Administrator: Wei Bin Timothy Siew

Affiliation: University of Manchester

Template: University of Manchester Generic Template

ORCID iD: 0009-0006-5257-3814

Project abstract:

I aim to analyse the potential of marginalisation in repoliticised, pluralist democracies, and postulate how might we minimise it.

ID: 144434

Start date: 01-09-2023

End date: 31-07-2027

Last modified: 14-02-2024

The above plan creator(s) have agreed that others may use as much of the text of this plan as they would like in their own plans, and customise it as necessary. You do not need to credit the creator(s) as the source of the language used, but using any of the plan's text does not imply that the creator(s) endorse, or have any relationship to, your project or proposal

PhD

Manchester Data Management Outline

1. Will this project be reviewed by any of the following bodies (please select all that apply)?

- None of the above

2. Is The University of Manchester collaborating with other institutions on this project?

- No - only institution involved

3. What data will you use in this project (please select all that apply)?

- Generate textual supporting information only

4. Where will the data be stored and backed-up during the project lifetime?

- Other storage system (please list below)

My computer

5. If you will be using Research Data Storage, how much storage will you require?

- Not applicable

6. Are you going to be receiving data from, or sharing data with an external third party?

- No

7. How long do you intend to keep your data for after the end of your project (in years)?

- 21+ years

Guidance for questions 8 to 13

Highly restricted information defined in the [Information security classification, ownership and secure information handling SOP](#) is information that requires enhanced security as unauthorised disclosure could cause significant harm to individuals or to the University and its ambitions in respect of its purpose, vision and values. This could be: information that is subject to export controls; valuable intellectual property; security sensitive material or research in key industrial fields at particular risk of being targeted by foreign states. See more [examples of highly restricted information](#).

If you are using 'Very Sensitive' information as defined by the [Information Security Classification, Ownerships and](#)

[Secure Information Handling SOP](#), please consult the [Information Governance Office](#) for guidance.

Personal information, also known as personal data, relates to identifiable living individuals. Personal data is classed as special category personal data if it includes any of the following types of information about an identifiable living individual: racial or ethnic origin; political opinions; religious or similar philosophical beliefs; trade union membership; genetic data; biometric data; health data; sexual life; sexual orientation.

Please note that in line with [data protection law](#) (the UK General Data Protection Regulation and Data Protection Act 2018), personal information should only be stored in an identifiable form for as long as is necessary for the project; it should be pseudonymised (partially de-identified) and/or anonymised (completely de-identified) as soon as practically possible. You must obtain the appropriate [ethical approval](#) in order to use identifiable personal data.

8. What type of information will you be processing (please select all that apply)?

- No confidential or personal data

9. How do you plan to store, protect and ensure confidentiality of any highly restricted data or personal data (please select all that apply)?

- Not applicable

10. If you are storing personal information (including contact details) will you need to keep it beyond the end of the project?

- Not applicable

11. Will the participants' information (personal and/or sensitive) be shared with or accessed by anyone outside of the University of Manchester?

- Not applicable

12. If you will be sharing personal information outside of the University of Manchester will the individual or organisation you are sharing with be outside the EEA?

- Not applicable

13. Are you planning to use the personal information for future purposes such as research?

- No

14. Will this project use innovative technologies to collect or process data?

- No

15. Who will act as the data custodian for this study, and so be responsible for the information involved?

N.A. - theoretical project

16. Please provide the date on which this plan was last reviewed (dd/mm/yyyy).

2024-02-14

Project details

What is the purpose of your research project?

To analyse marginalisation in democracy

What policies and guidelines on data management, data sharing, and data security are relevant to your research project?

None - theoretical project

Responsibilities and Resources

Who will be responsible for data management?

Me

What resources will you require to deliver your plan?

None

Data Collection

What data will you collect or create?

I will read things and write about what I've read

How will the data be collected or created?

On my computer, and in whatever written notes I produce

Documentation and Metadata

What documentation and metadata will accompany the data?

None

Ethics and Legal Compliance

How will you manage any ethical issues?

I don't see how reading/writing about published works will be ethically concerning

How will you manage copyright and Intellectual Property Rights (IPR) issues?

I will cite the authors I've read when referencing their arguments/findings

Storage and backup

How will the data be stored and backed up?

On a computer

How will you manage access and security?

Passwords

Selection and Preservation

Which data should be retained, shared, and/or preserved?

N.A.

What is the long-term preservation plan for the dataset?

N.A.

Data Sharing

How will you share the data?

N.A.

Are any restrictions on data sharing required?

N.A.
